

## **TECHNOLOGY MAKES LEAGUE ADMINISTRATION EASIER**

**\*\* Save Hundreds of Hours \*\***

In response to our leagues' demands, the Babe Ruth Network is happy to announce the launch of our newest addition to the Babe Ruth Network - the Online Roster Tool. This new roster tool gives leagues the ability to easily add players' data, assign players to teams and print or digitally submit to Babe Ruth Headquarters. The best news is that information can be archived and used again for next season. Some of the features of this brand new online tool include: adding teams and players with a mouse click; creating your own database; creating, viewing and printing official Babe Ruth rosters; digitally submitting rosters to Babe Ruth Headquarters; and archiving players' data to save yourself valuable time the following year.

With the Babe Ruth Network's new Online Roster Tool, submitting accurate and complete rosters, roster additions, and roster deletions in the time slot required will be an easy task. Not only will it make your life easier, but it will also afford you the time needed to ensure a successful league program for the kids in your community.

This new tool is available FREE with the purchase of your Babe Ruth Network website OR this tool can be purchased FOR A LIMITED TIME ONLY as a stand-alone tool. For more information or to sign-up now visit the official Babe Ruth League online web hosting and league administration tool provider at [www.baberuthnetwork.com](http://www.baberuthnetwork.com).

Let technology make your life easier by using the new Online Roster Tool.
